

Information for Post-16 providers

Stroud & Cotswold Alternative Provision School is committed to ensuring that all pupils are given the opportunity to find out about technical education qualifications and apprenticeship opportunities along with other post-16 options. This is part of a comprehensive careers programme which provides information on the full range of education and training options open to our students. Post-16 providers are actively encouraged to contact the school about how they can inform students about their services. Our arrangements for managing the access of providers to pupils at the school comply with our legal obligations under Section 42B of the Education Act 1997. If you are able to run an information session at school, or for the students to come to your establishment please contact SCAPS Careers Lead, Mr Richard Pollard email Richard.pollard@scaps.gloucs.sch.uk or by phoning 01453 767293.
